# *About us*

Sarmal Design

Rooted in traditional craftsmanship, our studio creates handcrafted wall pieces that bring texture, rhythm, and material depth into contemporary interiors.

Each piece is produced by hand using natural materials, balancing artisanal techniques with a modern design language.

Based in Turkey, our works are created for interior projects worldwide and can be adapted in custom dimensions and finishes.

# *Handwoven wall plate*

## Conceptual interior styling

Handwoven wall plate crafted using traditional weaving techniques.

Designed as a statement piece that brings natural texture and depth into contemporary interiors.

## Timeless Design

Designed to age gracefully, the piece brings warmth and character into both contemporary and timeless interiors.

## Craftsmanship

Each detail is shaped by hand using traditional weaving techniques, celebrating rhythm, precision, and artisanal skill.

## Material & Texture

Handwoven natural fibers create a rich tactile surface, revealing the subtle variations and imperfections of handcrafted work.

# *Textile Wall Piece*

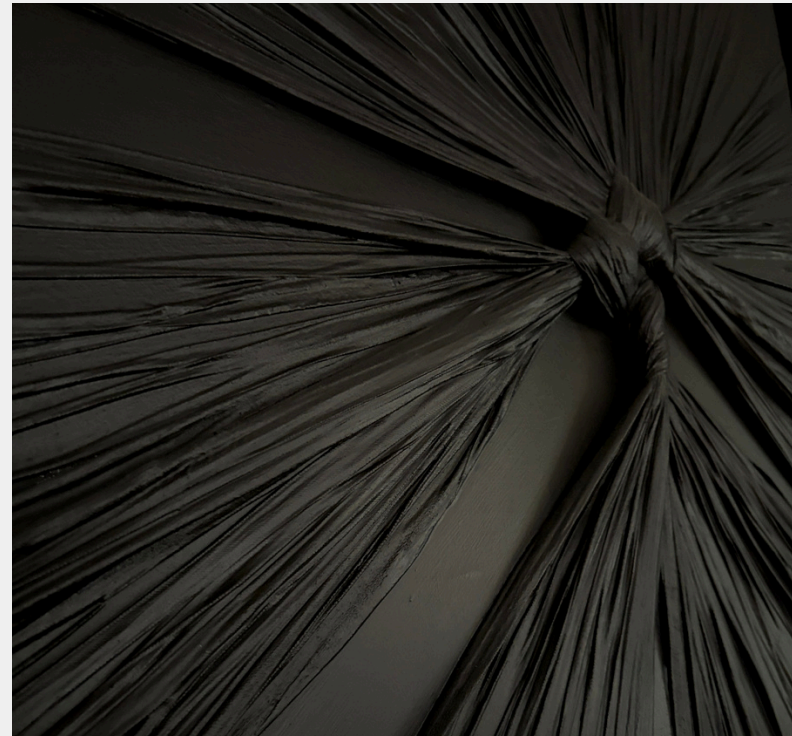

Texture, depth, and shadow in handcrafted form

A handcrafted textile wall piece that explores rhythm and material through a monochrome surface, designed to bring a quiet yet powerful presence into contemporary interiors.

## Monochrome Expression

The black palette highlights shadow and structure, creating a bold yet timeless statement for contemporary interiors.

## Crafted by Hand

Each piece is shaped using traditional techniques, allowing rhythm, precision, and human touch to define its character.

## Material & Texture

Handcrafted textile surfaces create depth and tactile richness through subtle variations in form and weave.

# *Macrame Wall Art*

Soft texture shaped by hand

This macrame wall art collection is handcrafted using traditional knotting techniques and natural fibers. Designed to bring warmth, texture, and a soft architectural presence to contemporary interiors, each piece reflects the quiet beauty of artisanal workmanship and material honesty.

## Soft Architectural Presence

Designed to complement contemporary interiors, the macramé form adds warmth and balance while maintaining a clean, sculptural presence.

## Handcrafted Process

Each macramé piece is individually made by hand, embracing subtle variations that highlight traditional craftsmanship and human touch.

## Material & Texture

Natural cotton fibers are hand-knotted to create a layered surface that brings softness, rhythm, and texture to the wall.
