The chosen payment card has to be in the name of the buyer. All payment card holders are subject to validation control and approval from the card provider. If the transaction is not approved the order will be cancelled.

By using a foreign payment card, a fee will be added in relation to the total amount. The fee will depend on type of payment card which will be confirmed at checkout.

Payment via MobilePay is possible for Danish customers. You can choose this payment option in the last payment window.

When the goods will leave our warehouse for delivery, the payment will be drawn from the chosen payment.

## RETENTION OF TITLE

tinekhome retain title to the products until payment for the products and freight has been made.

## CHANGES

tinekhome reserve the right to change the prices and delivery terms without prior notification. These changes will not effect orders which we have already accepted by a receipt or invoice via email.

Price mistakes:

Tinehome reserve the right to correct mistakes in pricing, if they are obviously wrong. This entails prices being very high/low compared to similar products, and how the price level is at the current point in time. Changes may be made to orders already confirmed, as some mistakes cannot be noticed until order confirmation is created.

We always strive to keep prices 100% up to date, and we apologize for any inconveniences you may experience in relation to a price correction.
