

# welcome to the world of liv interior

## Your order:

The minimum order per season is 500,00€/net, re-orders can be placed for 150,00€/net. The first order needs to be paid in advance, after that your account will be changed to credit terms of 14 days. You will receive an order confirmation with approximate delivery dates. Our products are carefully chosen by us and handcrafted in different countries. It is not always possible for us to manage to send all goods in one shipment.

## Delivery:

As a matter of course, we are sending the goods as logistically optimal as possible. Depending on weight and volume, the shipment will be as parcel or pallet. Freight for oversized items, such as rolled large rugs would be subject to the current UPS rates, and would be quoted upon request. The shipment cost of parcels vary depending on the weight and volume between 8-10%\* of the net order value. The cost of a pallet shipment is calculated by distance. Please note that for customs we may charge you 35,00€ if necessary (this concerns for example Norway, Switzerland, UK as well as certain islands and all other countries outside Europe). We ship with UPS from our warehouse in Schleswig-Holstein. Orders under 150,00€/net remain as backorder.\* Costs may vary for abroad countries.

## Prices:

We would like to ask you to use the recommended prices, should you be selling online.
