Décoplus PARQUETS

The perfect fusion of craftsmanship, creativity and modernity.

Immerse yourself in the striking world of our brand-new STUDIO Collection, where marquetry, a heritage of craftsmanship, comes to life with modernity in our exceptional parquet floors with captivating designs.

Made in Italy, the STUDIO Collection creates a dialogue between shapes and materials for creative compositions that are as sober and harmonious as they are unexpected.

Creativity opens up the field of possibilities, while repetition sets the tempo, all celebrating the sacred character of wood.

Wood, as master of the game, sometimes invites precious materials such as mother-of-pearl, leather, metal or marble as inserts to create surprise.

Passion for wood is the leitmotif of all our creations. Every detail is carefully considered, every pattern meticulously assembled to create works of art that add a touch of elegance and sophistication to any space.

Décoplus Parquets, France's leading parquet specialist network, presents in exclusivity Berti, Italian house of exceptional parquet flooring, in a dedicated showroom at 210 Boulevard Saint-Germain 75006 Paris.

50 years of history, 3 generations and a unique passion

Berti Pavimenti Legno was the first company in the world to study the application of laser technology to the creation of inlaid wooden floor. Thanks to laser technology, a simple plank of wood can become a refined work of art: tiny pieces of wood essence, combined and combined with taste, can give life to real masterpieces.

A revolutionary idea that has enabled Made in Italy parquet to be exported all over the world.

Berti is constantly innovating and presents I-Wood, the latest generation of high-tech wood flooring. The capsule collection in collaboration with Diesel Living is based on this new technology.

BERTI Showroom
210 Boulevard Saint-Germain, 75006 Paris

Kaleidostone - high performance digital printing on wood
Diesel Living with Berti collection

Natural Shadow Chevron Parquet
Diesel Living with Berti collection

Grey Shadow
