## Press Release

### Paris Design Week 2025

Sept. 4-13, 2025

HISLE is thrilled to be taking part in **Paris Design Week**, running from September 4 to 13, 2025 : a luminous opportunity to showcase its latest lighting creations.

**For over 30 years, HISLE has been designing and crafting exceptional lighting fixtures in France, blending artisanal expertise with innovation.**

Under the artistic direction of Hervé Isle de Beauchaine, this family-run maison embodies the very best of French excellence. Four words define its essence: craftsmanship, elegance, simplicity, and modernity.

2025 marks a new chapter for HISLE with a change in leadership. The installation unveiled during Paris Design Week will offer a first glimpse of exciting new collaborations with designers.

These new pieces stay true to HISLE's DNA: each creation strikes a balance between contemporary design, refined shapes, and noble materials, all with a deep commitment to sustainability.
